DEPARTMENT OF COMPUTER SCIENCE

M.Sc. Computer Science – Semester II

Embedded & IOT Technology

JOURNAL 2022-2023

Seat No. CS22014

R.D. & S.H. NATIONAL COLLEGE & S. W.A. SCIENCE COLLEGE,

Bandra, Mumbai – 400050.

Department of Computer Science

CERTIFICATE

This is to certify that **Mr. Sadiq Sonalkar** of **M.Sc. Part I (Sem II)** class has satisfactorily completed **10** Practicals in the subject of **Embedded & IOT Technology** as a part of M.Sc. Degree Course in Computer Science during the academic year 2022 – 2023.

Date of Submission:

Faculty Incharge

Co-ordinator,
Department of Computer Science

Signature of External Examiner

INDEX

Sr. No.	PRACTICAL	Date	Page No.	Sign
1	Design and implement basics embedded circuits: a) Automatic Alarm system – Alarm should get trigger by sensor b) Timer based buzzer c) Sensor based counting device	14/03/23	4	
2	Demonstrate communication between two embedded devices using UART port	21/03/23	11	
3	Develop an IoT application for monitoring water levels in tanks and automatically start the motor to fill the tank if the level goes below the critical level	31/03/23	24	
4	Develop an IoT application for Motion detection	04/04/23	31	
5	Develop an IoT application that will raise an alarm whenever it's going to rain outside based on the weather prediction data	04/04/23	34	
6	Develop an IOT module to which measure the intensity of light	11/04/23	39	
7	Build an IoT system to vend ticket before entering the bus.	15/05/23	43	
8	Develop a IoT application which will record the movement and orientation of your phone and give the data back to the PC	20/05/23	51	
9	Deploy an IoT application which will alert you by beeping or vibrating your phone whenever you get someone call your name	21/05/23	60	
10	Demonstrate an IoT based game which can be played between two player who are physically at a considerable distance	23/05/23	64
